By age 30, you should be smart enough to realize nobody got rich with a salary.

If you want to become a Millionaire in the next 5 years, focus on this and you'll be making crazy money even in your sleep...

1. Wake up at 4 AM

People dread to wake up early

But this saves you 3 hours before your day start

Cultivate successful people habits

- Make your bed
- Read 50+ pages
- Take a glass of water
- Hit 200 pushups + 100 squats

Success is hidden in your daily routine

2. Set aside 100 minutes of your day to read

88% of financially free people are addicted to learning

Financial education is self taught

Read these books every day:

- Human nature
- Atomic habits
- Think and grow rich

Which one would you recommend?

3. Learn a high income skill.

You don't have to complicate it, do this;

- Choose a skill
- Select 10-20 Youtube channel teaching the skill
- Binge watch it for 100 days
- Start to practice as you get better

4. Work out 7x a week

If you can't work out everyday, how can you expect to even be rich?

Set aside 40 mins a day to do this;

- Hit 300 push ups (30×10)
- Do 200 squats (20×10)
- Perform planks (1min × 2)

In 6 months, you'll have formed chest, strong arms and legs.

5. Connect with high value people.

Before you consider this, first invest in yourself

Do this;

- Invest in expensive shoes
- Dress clothes that fit
- Have a good hair cut
- Smell nice

You attract who you're.

6. Create 15+ streams of income

Use people to multiply yourself

Create a team to help you achieve your dreams.

Set aside 30 minutes a day to learn;

- Persuasion
- Communication skill
- How to delegate tasks

It'll be 10x more easier to control everyone around you.

7. Grow an online brand

Pick one social media platform and grow your audience

Choose either;

- Twitter
- YouTube
- Instagram

Share your knowledge and learn ways to monetize.

The Internet money is the new rich.

I recommend these 4 skills.

Pick one skill and develop it for 90 days;

- Sales
- Coding
- Trading
- Copywriting

Fact: A skill is 10x more valuable than a degree.
